

MoneyWorks Express

MoneyWorks Express is the ideal accounting solution for the growing business. This powerful, easy-to-use software will do your invoicing, manage your payables and receivables, maintain your cashbook, track your sales tax, and provide vital information on how your business is performing. You'll spend less time on your accounts and get much better business information with MoneyWorks Express.

- A cashbook to record all payments and receipts
- Print or email invoices
- Full accounts receivables and payables
- Automatic handling of sales tax on sales and purchases
- Integrated general ledger that's automatically updated
- Design your own invoices and statements
- Database of your customers/suppliers and products
- Comprehensive enquiries and reports

Overview

MoneyWorks Express is a full double-entry accrual accounting system with integrated cashbook, accounts payable & receivable and general ledger—all the basic tools required for running a small, growing business. With all the features of MoneyWorks Cashbook, augmented by powerful invoicing, it makes invoicing, managing your payables and receivables, sales tax, bank reconciliation, and financial reporting easy.

With MoneyWorks Express, you will also have access to features normally only found in much larger systems—features like subscription billing, head office billing, complete audit trails, unlimited transaction history and easy access to (and analysis of) all your historic sales and purchase data. And MoneyWorks Express is fully upgradeable to MoneyWorks Gold which offers full multi-user access, so you can easily expand your accounting as your business grows.

MoneyWorks Express has a clear, intuitive interface, making setup and operation a breeze. A comprehensive tutorial, manual and extensive on-line help provide all the information you need to successfully run your accounts.
